Grants Network[®]: Research **The Foundation of Your Grant Organization**

Find the right grants for your organization with critical information to make you more competitive. Grants Network[®]: Research is the premier name in grant research. Grants Network[®]: Research provides up-to-date details on the grants you want to see. Our dedicated team of Grants Analysts delivers the information necessary to help you make the right decisions in your pursuit of grant funding. With more than 15,000 federal, foundation, and state programs, Grants Network[®]: Research gives you essential information in easy-to-understand modules designed to help streamline your grant search process. In addition to critical financial, eligibility, and program information for every grant, Grants Network[®]: Research has additional resources such as our library of Previously Funded Applications, our Referral Network of Grant Professionals, and articles on the latest grant-related news.

Grants Network[®]: KnowledgeBase Building Your Grants Capabilities

Eliminate the effects of turnover, missed trainings, and obsolete information. Grants Network[®]: KnowledgeBase is our collection of publications, training courses, and other resources designed to help expand your organization's grant capabilities. Grants Network[®]: KnowledgeBase makes training available to your entire organization on demand. We update our training and information resources continuously, so whether you're looking for current information on the Stimulus Package or the latest on Green Energy Project Trends, Grants Network[®]: KnowledgeBase has what you need. We even have Assessment Exams so you can test your knowledge as you progress through the training courses. Whether you consider yourself a novice or a seasoned grant professional, Grants Network[®]: KnowledgeBase has training, updates, and resources to fit your comfort level.

Grants Network[®]: Tracking & Reporting Reinforcing Your Grants Infrastructure

Leverage the resources you have to pursue more opportunities. Grants Network[®]: Tracking & Reporting allows you to manage both projects and grants from beginning to end. Grants Network[®]: Tracking & Reporting provides enough structure to ensure compliance with all reporting requirements while giving enough flexibility to allow for tracking of unique performance metrics. Grants Network[®]: Tracking & Reporting also serves as a document repository where your organization can keep all its documents in one place including applications, award contracts, and financial reports, as well any supporting documentation such as approval forms, receipts, purchase orders, and report templates. Grants Network[®]: Tracking & Reporting efficiently focuses your organization's grants and project management efforts with minimal impact to other activities. In other words, you can pursue more projects and grants without increasing staff or sacrificing other obligations.
